

[Telstra Mail Settings For Outlook For Mac](#)

The screenshot shows the "Add New Account" dialog box in Outlook for Mac. The window title is "Add New Account". Below the title bar, there is a section titled "Internet E-mail Settings" with a sub-header "Each of these settings are required to get your e-mail account working." and a help icon. The dialog is divided into several sections:

- User Information:** Includes fields for "Your Name:" (Test Account) and "E-mail Address:" (email@domain.com.au).
- Server Information:** Includes a dropdown for "Account Type:" (POP3), "Incoming mail server:" (mail.domain.com.au), and "Outgoing mail server (SMTP):" (mail.bigpond.com).
- Logon Information:** Includes "User Name:" (email@domain.com.au), "Password:" (masked with asterisks), and a checked checkbox for "Remember password".
- Test Account Settings:** Includes a "Test Account Settings ..." button, a checked checkbox for "Test Account Settings by clicking the Next button", and a section titled "Deliver new messages to:" with radio buttons for "New Outlook Data File" (selected) and "Existing Outlook Data File". Below this is a text field and a "Browse" button.
- More Settings:** A "More Settings ..." button is highlighted with a red circle and a red arrow labeled "10".

At the bottom of the dialog, there are three buttons: "< Back", "Next >", and "Cancel". A red circle with the number "9" is positioned near the top right of the "User Information" section, and a red circle with the number "10" is positioned near the "More Settings ..." button.
